**Title:** THE POWER OF LITERACY

**Abstract:**

This one and a half hours presentation will highlight an enriched literacy program beginning with the theory of literacy, diagnostic tools utilized in literacy assessment to determine a dyslexia diagnosis, and innovative interventions conducted in a clinical setting and through teletherapy.

**Objectives:**

- Introduction to elicit discussion pertaining to the theory of literacy.
- Discuss and demonstrate literacy assessment tools utilized to determine a diagnosis.
- Describe and demonstrate literacy therapeutic interventions using several literacy programs and successful therapy tools utilized in a clinical setting and through teletherapy services.
